Ok - I'll take care of the comment inbox.

No we will NOT be taking comments at the 6/24 meeting.

We REALLY need the notice final absolutely no later than noon on Monday 6/21.

Preferably have the notice run Wed or Th 6/23 or 6/24 so people know about the meeting.

**Which means we should add the 6/24 meeting into the notice (as an informational meeting, not a public meeting).**

**I'll redraft and resend the notice.**

Dave

If you could set up the comment inbox that would be great, I haven't had a chance to look at the draft notice yet but I will shortly. I need to submit it to the Std Times 3-4 days before we want it in there. So if we want it in the paper Thursday the 24th? I can submit it Monday or tomorrow if it's ready for next week sometime.

Will we be taking comments at the 6/24 meeting now? If the notice goes out the 24th and we aren't taking comments at the meeting will that confuse people?

OK - here's the deal, no ifs ands or buts:

1. ALL comments on the ESD to me by today COB (the one exception being for Dave P.'s ARARs section due to me by 8am Monday 6/21).

2. I provide the draft ESD to the RC by noon Monday 6/21 (probably won't see me at the 9:30 team meeting). ANY other documents for the AR have to be identified by this time (noon Monday) as well.

3. RC needs 3 days to burn disks, etc., brings us to Th 6/24. They then overnight mail it to the library so comment period starts Friday 6/25/10. Possibility to have this done by Wednesday/delivered Th but to be safe we should have the S-T public notice list a 6/25 start. 30 days brings us to 7/24 for close of comment period.

Jeanethe - lets talk pronto: I'd like to have the public notice final so I can include it in the AR. Thus would need it from you by noon Monday 6/21. When do you see it being published in the paper??

**We also need to have the IC set up a comment period email box. Jeanethe - are you the lead for this or do you want me to do it since you're in DC??**
